

CANADIAN OPEN PARKINSON NETWORK

BECOME A PARTICIPANT!

Canada is -OPN for your research participation and collaboration.

WHO ARE WE?

A research platform that connects individuals affected by Parkinson's disease (PD) and related disorders with researchers across Canada.

Join over 2,000 participants who have already signed-up and make a difference!

WHY CONTRIBUTE TO RESEARCH?

- 1) Become empowered, take an active role in your disease
- 2) Contribute to research that will improve the lives of those living with PD in the future

How can I participate?

Register to the Network
