

Acknowledgement List For C-OPN Publications

The C-OPN Clinical Investigators Committee, in keeping with the publication policies adopted by the C-OPN leadership, here provides lists for standardized acknowledgement. The list consists of three parts: I. C-OPN Core Infrastructure and Executive Leadership, II. C-OPN Site Investigators and Study Coordinators, and III. C-OPN Scientific Partners. C-OPN Core Infrastructure and Executive Leadership represent the names responsible for governance and infrastructure. C-OPN Site Investigators and Study Coordinators represent the names of individuals at each recruiting site. C-OPN Scientific Partners represent the names of individuals who advise and consult on C-OPN's progress.
